

IROAD™

IROAD ACCESSORIES

Market leading components to compliment your dash camera

POWERPACK PRO

Stay **Protected, Sustainable** Power Supply
Rapid Charging with the PowerPackPRO12

- A** Displays ACC voltage / VCC voltage / Output voltage
- B** Displays the estimated remaining battery capacity of the auxiliary battery
- C** Input current (HIGH-8A, FULL / LOW-4A, HALF) status, charging (CHAR), Displays the standby status
- D** Displays the current battery voltage/charging amperage firmware version and circuit temperature

90 Min Charging
56 Hours Use
Power Consumption 2.4W

DOUBLE PROTECTION SYSTEM FOR HIGH TEMPERATURE, OVERCHARGE AND OVERVOLTAGE SHORT-CIRCUIT PROTECTION / CELL BALANCING

It automatically cuts power for security depending on the battery's temperature.

It accurately controls the voltage and balance between cells safely with the circuits designed to prevent overcharge and overvoltage.

LiFePO4 (Lithium Iron Phosphate) battery, which has a 3times longer lifespan than Lithium-ion and nickel-based batteries, has excellent stability against fire and explosion, and can be charged more than 2000 times.

X-SECURITY COVER

Secure All Cables with an IROAD X-Security Cover

The IROAD Security Cover helps to keep cables neat and tidy. Furthermore, it prevents damage and physical access to the cables of the dash cam.

Prevent Memory Card Corruption

The IROAD Security Cover is an accessory to protect the Micro SD card slot from physical access, so that video files cannot be damaged or deleted.

Compatible with the X-Series and the FX series

Plug & Play

Easy Versatility

- 12volt and 24volt
- Suitable for all Petrol, Hybrid and Electric vehicles

OBDII POWER CABLE

Stable Power Supply IROAD Dedicated Power Cable

IROAD OBDII Power Cable built-in switch allows setting the recording mode at all times.

- S: Driving mode only
- P: Driving & Parking mode

EXTERNAL CAMERA

The IROAD External Camera supports FHD (1920*1080) @30fps with a Sony Starvis image sensor 140° for exterior recording with the infrared light IP69 rated. Supplied with 20m cable

FULL HD IR CAMERA

The **IROAD IR** (infrared) camera is specifically designed for recording in normal conditions, but especially for low to zero light like the interior of the vehicle at night when there is no ambient light around.

The IROAD IR Camera can be retrofitted to your existing X-Series and FX/QX dash camera system.

Ideal for Taxi, Delivery drivers, Couriers, Ride-Share and Commercial use.

Features

FHD (1920*1080) @30fps / 136°
Specialized for interior recording with the infrared light.
Supplied with 1m cable for quick & easy installation
